About Balance Transfers

You may transfer any amount, as long as it does not exceed the credit line for which you are approved. Balance Transfers will be made in the order in which they are listed. Be sure you do not transfer the amount of any disputed purchase or other charge, because you may lose dispute rights.

You should not rely on Balance Transfers to be made by any particular date. Although most Balance Transfers will be made sooner, it could take up to two weeks before payment of your other account is made. Accordingly, you should continue to make all required payments until you confirm that the Balance Transfer was made.

We will not close your other accounts, even if you transfer the entire balance. If you want to close another account, you should contact the issuer directly.

There is no grace period on Balance Transfers. See Cardmember Agreement for additional information.

To ensure Balance Transfers are made correctly, please submit a copy of your latest statement from the company you wish to transfer balances from.
