* Money Market Savings is a tiered account. Dividend Rate and APY are paid on the entire balance once the minimum average daily balance requirement has been met at the end of the compounding period.

** The APY for Savings Certificates assumes that dividends will remain on deposit until the maturity date. A penalty may be imposed for early withdrawals from Savings Certificates.

*** Disclosure indicates the rates paid the previous quarter. Rates for each quarter are declared at the end of that quarter. Share tiered rate is calculated using the average daily balance for the quarter.

*** Tier combined with $5000 & up tier.

APPLICABLE TO WEALTH BUILDER, WEALTH MAXIMIZER AND REGULAR SAVINGS ACCOUNTS:
Minimum average balance to earn an APY is $100.00.

APPLICABLE TO ALL ACCOUNTS: 1) withdrawal of dividends may reduce earnings on your accounts; 2) fees may reduce earnings on your account; 3) rates for disclosure purposes are prospective rates Dominion Energy Credit Union anticipates it will pay on an account after dividends have been declared; and 4) rates are subject to change, call Dominion Energy Credit Union for current information.

VARIABLE ACCOUNTS: Rate may change after the account is opened.
